NORFOLK. VA., November 9.—The falling off in the Republican voto in Norfolk, the stronghold of National Committeeman Bowden. Is conceded by Bowdenties here to make the horizon very hazy for his prospects with the new daministration and the general opinion here is that Slemp is the holder of the whip handle from now on in Virginia Republican matters.

Norfolk's representation has been cut down from twelve to two in the next Republican State Convention. Portsmoult's from three to one and the entire Second District's from about sixty to about twelve.

Hugh Gordon Miller, assistant district attorney, who has been stumping through the North for the Republican ticket, is with Slenup, and it is generally thought will be looked after in a lucrative manner. Robert M. Hughes, who has twice allowed Harry Maynard to rub it into him as a congressional aspirant is also expected to be placed and a Federal judgeship would not be surprising to some of Mr. Hughes, when has twice allowed from Princess Anne county. Southern precincts are out of the way and there was not sufficient interest in the election to cause the Judges or clerks to transmit the results to publication centers. The county will increase in Democratic column in the State.

EAST RADFORD. VA.. Nov. 9.—Last night the Democrats claimed Montgomery county, but the returns to-day show a Republican victory. Roosevelt's majority being sixty-five and Hodge's forty-three. McKiniey's majority in 1900 was 286, but 1.600 white men and 300 negroes have been disfranchised since then, which cut down the R-publican majority Seven hundred and fifty of the disfranchised whites lost their votes by not paying poll tax six months in advance. Many votes were also lost by mistakes in marking the ballots, which was almost as large as a small newspaper. Radford went Democratic by 84 for Parker and 61 for Glass, for much the reason as otained in the county.

livery. The weakness of Judge Parker's position was that the charge was made at the close of the campaign, when it was neutralized by a counter charge. The trusts cannot be fought auccessfully by any party that depends upon the trust funds to win the election. The Democratio party must make its attack upon the trusts so vehement that no one will suspect aid from them. It will be to its advantage if it will begin the next campaign with an announcement that no trust contributions will be accepted, and then prove its sincerity by giving the public access to its contribution list.

Have a Chance to Settle.

Have a Chance to Settle.

Have a Chance to Settle.

"President Rossevelt has four years in which to make good his declaration that no obligations were incurred by the acceptance of trust funds. He will disappoint either the contributors or the voters. If he disappoints the contributors, the trust question may be put in the process of settlement. If he disappoints the people, they will have a chance to settle with his party four years hence.

"The party must continue its defense of the interests of the wage carners: it must protect them from the encreachments of capital. It must insist upon remedial legislation in regard to hours and arbitration, and must so limit the authority of the courts in contempt cases as to overthrow what is known as government by inituation.

Elect Postmasters.

Elect Postmasters.

"The party must continue its opposition to national banks of issue, and must inslat upon divorcing the Treasury Department from Wall Street. The party must continue its fight for the popular election of senators, and for direct legislation wherever the principle can be applied. It must not only maintain its position on old issues, but it must advance to the consideration of new questions as they arise."

Among these Mr. Bryan mentioned the postal telegraph system, State ownership of mound, the election of Federal Judges of fixed terms, and the election or postmasters by the people for their respective communities. SOCIETY WEDDING.
